

PLURALISTIC SCHOOL ONE
Independent K-6 education in Santa Monica

Longing for your days at PSI? Remember what it was like being on the PSI campus every day? (Well, neither do we, but we do have an idea for helping you and current PSI kids better cope with the pandemic.)

Here is what we assume. It doesn't matter where you are living. You may have some extra time on your hands. And we know from past experience that you want to be helpful. And we know that current PSI kids may well need more human connection, especially with someone who has had a PSI experience as a student and who just might become a special friend.

PSI is looking for enthusiastic alumni willing to share some time with a current PSI student. What better way to feed one's soul than to offer time to guide a fellow PSI community member who is now walking in the very same shoes you experienced only a few short years ago. Are you interested in being a friend, mentor, guide, confidant, role model, Big Brother/Big Sister to a currently enrolled PSI student? These are hard times for many of us. You can make a difference. Think about it - you would be someone who is not their teacher, not their parent, not a trained counselor, not their contemporary - just an alum from the same community who can become a trusted friend.

Put on your thinking cap, and let's be in touch of how you could be of help. You can connect from anywhere. [CLICK HERE](#) to complete a Google Form, and we will circle back with this new PSI affinity group shortly. All of us at PSI are grateful for you! Hope you are doing well!

How often? How long will it last? What will you do? That's up to you. Once we determine interest among you alums, we will follow up with current PSI families and make connections. THIS COULD BE THE START OF SOMETHING BIG!

Joel and Alan

Head of School and Director of Advancement
